

FCP-02, 6" Emergency Bandage®

aka The Israeli Bandage®

- Best-in-class multiple use bandage addressing various wounds and wraps
- Coverage for small, medium, and large wounds
- Wrap severe wounds and small area amputations
- Can be used as an improvised tourniquet
- 6" non-adherent pad
- 8-year shelf life

Full Coverage and Multiple Functions in One Simple Package

The FCP-02 Emergency Bandage® provides everything needed to address small, medium, and large wounds in one compact package.

The versatile design is an effective solution for the control of severe bleeding, wound coverage, splinting, slings, head wraps, and creating an improvised tourniquet. The device is intuitive and simple to use for trained and untrained responders.

6" Green Emergency Bandage®
