

## Take the Uncertainty out of AED Ownership

**A comprehensive program that keeps abreast of evolving AED legislation. Ensuring that your organization is compliant, protected, and prepared.**

## The premier Automated External Defibrillator (AED) Program Management Solution

Placing AEDs in your organization is making a choice to protect your people. Unfortunately, liability concerns associated with stringent AED legislation can hinder the deployment of these life-saving devices. CPR Savers AED Program is an all-inclusive solution that handles every aspect of your AED Program, so you can have the peace of mind that only comes with being prepared.

Most importantly, placing AEDs and training your people in Cardiopulmonary Resuscitation (CPR) just may save the life of a coworker, friend or loved one. It's too late to act when tragedy strikes. Make the choice today, and be ready now.

## Why Choose Us?

- + DESIGNED WITH YOU IN MIND.** As busy as life is, managing your AEDs should not add to your list. Intuitive and simple, our AED Program was planned from the ground up to give you everything that you need, and nothing that you don't.
- + Created by Professionals -** We understand what it means to use an AED and what must be in place both before and after an event.
- + Whether a neighborhood church with one AED, or a nationwide organization with several hundred, your program is tailored to fit your specific size and needs.**
- + We've partnered with some of the top Physicians in the fields of Cardiology and Emergency Medicine, Doctors who are passionate about stopping the epidemic of Sudden Cardiac Arrest.**
