G-Force[™] Series STRETCHER SHEETS

Taylor's Color Coded Lift Capacity[™] fitted stretcher sheets set the new industry standard for transferring a patient with confidence.

By utilizing Taylor's Color Coded Lift Capacity[™] system you may easily choose the Taylor stretcher sheets best suited for your EMS service. The Taylor G-Force[™] Fitted Sheet Series is designed and tested in the transfer of patients up to 450 lbs. The Taylor G-Force[™] Fitted Stretcher Sheet Series has you covered for both lift capacity and price point.

- The Color Coded sheets are designed to aid in patient transfers for the following weights when using proper lifting method:
 - Green 250 lbs.
 - Grey 300 lbs.
 - Blue 400 lbs.
 - White 450 lbs.
- Custom fitted to the unique Stryker[®] XPS and Ferno[®] Power X1 mattress designs
- Available in fluid resistant*, fluid impervious** and heavy duty versions
- Protects the mattress and patient against cross-contamination
- Elastic fitted design eliminates sheet slippage
- Soft linen-like feel maximizes patient comfort
- Reduces the overhead cost associated with reusable sheets
